

## Calgary Solar Electric System Installer/Technician – 1st or 2nd Year Apprentice

SkyFire Energy is looking for a well-rounded individual to become part of our solar team in Calgary, AB. This individual will be self-motivated, energetic, personable, and excited to work as part of a fast growing company in the solar industry. Most work will be based in Calgary but some out of town work is expected. A clean driving record is required.

### Primary duties include:

- Performing solar site surveys
- Installation of residential, commercial and industrial solar electric systems

### Requirements:

- 1<sup>st</sup>/2<sup>nd</sup> year electrical apprentice or strong interest in pursuing an electrical apprenticeship
- Must be able to lift solar modules, batteries or other heavy items
- Must be comfortable working at heights
- Must be willing to work out of town on some projects for durations of 2 days to 2 weeks
- Class 5 driver's license

### Assets:

- Solar training and/or solar installation certification (SAIT, NAIT, CanSIA, NABCEP, SEI, etc)
- Solar installation experience
- Fall protection training/certification

### Provided:

- On and off site training
- Competitive hourly wage
- Health and dental benefits
